RUCHIRA RUWANTHA

Front-End / Full-Stack Software Engineer

+94741900798 | rruwantha222@gmail.com | LinkedIn | Portfolio | GitHub

PROFESSIONAL SUMMARY

Performance-driven Software Engineer with 4+ years of experience specializing in React, TypeScript, and Figma-driven design to engineer high-performance web applications. As a Microsoft Certified Azure AI Engineer, I leverage an AI-first software delivery strategy to optimize development lifecycles and reduce post-release defects by 50% through automated testing and CI/CD integration.

TECHNICAL SKILLS

- **Frontend & Design:** React.js, Next.js, TypeScript, JavaScript (ES6+), Figma, Tailwind CSS, SCSS, HTML5, CSS3, Redux, Context API, Zustand
- **Backend & APIs:** Node.js, Express.js, RESTful APIs, JSON, (Willingness to contribute to Spring Boot/Java)
- **Testing & QA:** Jest, React Testing Library, Cypress, Unit Testing, TDD
- **DevOps & Tools:** AWS, Docker, CI/CD (GitHub Actions), Webpack, Git, npm/yarn, JIRA

PROFESSIONAL EXPERIENCE

Verdentra - ConceptVines | Software Engineer Sept 2022 – Present

- Developed high-traffic responsive applications using React and Next.js, translating 100+ complex Figma/AdobeXD prototypes into pixel-perfect, production-ready code.
- Optimized application performance by 25%, significantly improving Core Web Vitals and user retention metrics for U.S.-based remote teams.
- Architected scalable frontend state management using Redux and Context API to handle 40+ distinct data flows and complex state transitions.
- Integrated 40+ RESTful APIs to ensure seamless data synchronization between frontend components and high-availability backend services.
- Mentored 5 junior developers and conducted 3+ technical code reviews weekly, ensuring 100% adherence to modern React architecture and design constraints.

LiveRoom (Pvt) Ltd | Software Engineer March 2021 – Sept 2022

- Built React-based applications supporting critical business workflows, achieving a 25% efficiency gain in state management rendering.
- Established an automated testing framework using Cypress and Jest, resulting in a 35% reduction in manual QA time and faster release cycles.
- Implemented mobile-responsive designs ensuring 100% cross-browser compatibility across Chrome, Safari, and Firefox.
- Contributed to 30+ full Agile sprint cycles, including sprint planning, estimation, and backlog refinement for high-priority features.

KEY PROJECTS

Mintzilla (Next.js, TypeScript, Tailwind, Cypress)

- Engineered a high-performance SSR platform that reduced regression issues by 50% through automated CI/CD; integrated design systems with 20+ reusable components.

Neem (React, Redux, AWS, REST API)

- Built a scalable UI system for B2B/B2C platforms serving 10,000+ active users with API-driven dynamic dashboards and optimized data visualization.

EDUCATION & CERTIFICATIONS

B.Sc. (Hons.) in Computing and Information Systems | Sabaragamuwa University of Sri Lanka

Microsoft Certified: Azure AI Engineer Associate (AI-102) | Microsoft, 2025
